

## TED'S TUMMY TICKLING IMAGINATION DISCUSSION

Ask your parents or any adult about their childhood imaginary friends or favorite toy.

- \* When did they first meet this imaginary friend or get this special toy?
- \* Could their parents see their imaginary friend?
- \* Where is the friend/toy now?
- \* What games did they play with the friend/toy?

What are some funny or strange things that adults do?

(Ted glues bits of paper to the boy's face to "keep the hair from growing back" after giving him a haircut and a shave.)

- \* Make a list of all of the funny things you can think of.
- \* Why do you think they do these funny things?
- \* What are some funny things that you do?

What are some of Ted and the boy's silly adventures?

- \* Why is the father so upset with his son's silly adventures with Ted?
- \* Do you think that Dad might have had silly adventures with Ned, his imaginary friend, when he was a kid?
- \* Why do you think he may have forgotten them?
